

Mulino Pods Covid 19 'We're good to go'

Here is a guide to the additional measures we have put into place onsite:

- As always a thorough clean of the site during changeover, extend arrival time to 4pm to allow for additional checks
- Operate a contactless check-in
- Supply a centrally located hand sanitiser dispenser
- Supply hand wash, eco paper towels & wipes in each bathroom
- Advise guests to respect social distancing
- Additional daily checks, cleaning of all shared touchpoints
- Guests encouraged to prepare and cook food at the pod using own fridge, bbq, kettle and toaster
- In the shared kitchen area (with sinks and gas hobs), asking guests to wipe down and wash all equipment before and after use
- Supply handwash, cleaning equipment & disposable cloths in the kitchen area
- Replace all pod crockery and equipment each changeover so they can go in the dishwasher
- On departure asking guests to strip the bed linen, leave window and doors open
- Supply hand sanitiser for the honesty shop in the Info Room
- Remove all shared books, games & toy box, asking guests to bring their own entertainment

Due to the current Covid19 circumstances, if we were required to close due to a lockdown, we can offer to rearrange your stay or a full refund.
